Description

Cushion Stat™ w/ Dyna-Shield® is a dissipative/anti-static mat that is specially formulated to absorb static electricity keeping sensitive electronic circuitry safe from damage. The anti-fatigue properties are designed to provide traction with its non-directional pebble embossed top surface that allows for sure footing and is easy to sweep clean. The Notrax® exclusive Dyna-Shield® PVC foam is manufactured with a tough protective top layer that provides long lasting wear and outperforms the competition in tear resistance and tensile strength. Designed for use in medium duty dry work areas.
