

DYNA-SHIELD[®]

Premium Sponge Anti-Fatigue

A revolutionary process perfected by NoTrax[®] that creates a tough protective barrier throughout the entire sponge anti-fatigue mat. Dyna-Shield[®] mats have greater tensile strength and are more resistant to wear than traditional sponge matting, which **extends the life of the mat by 50%**.

Long Lasting

Manufactured directly into the mat for long lasting wear. Outperforms in tear resistance and tensile strength

Ultra Strength

Tough barrier extends the life of the mat by 50%
